

ACCESSORIES

To help keep out the cold in the winter and keep the cool air in the summer, a plexie glass sleeve replaces the screen in your window.

We use 1/4" thick clear plexi.

This is a custom order - please put measurements along with the product code in the custom area on the order form.

PL14 **\$9./square ft.**

We will install the cat door into the plexie window.

please note we do not install cat doors in glass

PL84 **\$37**

LC60 **\$162**

"I thought I'd update you on our wonderful cat enclosure. Our Siberian cats, Pumpkin and Salem, love the enclosure. It took Pumpkin 15 minutes to get used to it, and Salem wasn't far behind. They are in and out all day and night, even in the rain! They are definitely much happier cats now that they get to go (safely) outside... Thanks again for the wonderful product. It is worth every penny."
