News Release

Introducing HangTime™ deluxe pet hammock system

Toronto, ON—May 3, 2007—Ready to reclaim your easy chair? Pets adore HangTime™ hammocks! Designed exclusively for pets, these handsome hammocks offer your pets hours of comfort and enjoyment indoors or out!

HangTime™ pet hammocks come in a variety of solid or colorful prints that comfortably hold animals large and small. Available in four sizes: 2', 3', 4' and a corner hammock, the hammocks are made from sturdy fade-resistant waterproof fabric with drain holes for carefree outdoor use. They are sold separately or with attractive pet stands made from stainless steel, powder-coated black. The stands fold away for easy storage or portability. Each support clipping the hammock to the stand is rated for up to 143 lbs (65kg) of weight.

HangTime™ pet hammocks were first introduced by Habitat Haven, home of The Cat's Den, in October 2006 to complement its unique pet enclosure systems. These easy-to-assemble modular kits allow pet owners to give their pets the best of both worlds: the safety, health, and comfort of indoor living with the freedom, fresh air, and fun of the great outdoors.

Give your pets a place of their own in your home or home-away-from-home. HangTime™ hammocks are part of the wholesome pet lifestyle from Habitat Haven.

Habitat Haven is home of The Cat's Den, founded in 2003 by president Kris Kischer. It provides clients across North America with the ultimate in pet lifestyle: innovative pet enclosure systems and accessories, including HangTime™ deluxe pet hammock systems. For product information or to order, call 1-866-484-0644, fax 1-416-466-0087, or visit us online at www.thecatsden.net.
